

Outdoor Spaces

# Making Outdoors Naturally

Landscaping, Play and Wheeled Sport

## About us

PFL Group are the UK's leading landscape creation service. We specialise in the design, supply, installation and maintenance of high-quality outdoor spaces.

Focussing in the core areas of general landscaping construction for both commercial and private clients, as well as specialist playgrounds, outdoor fitness equipment and skate parks for local authorities, house builders and schools.

We believe that by offering a full service of design, supply, installation and maintenance our clients get a high quality service and value for money.

### Landscaping

Landscaping design and installation services for residential, commercial and public spaces.

### Playground Facilities

Creators of bespoke play spaces through design, supply & installation. Play equipment, safety surfacing, outdoor furniture, fencing, sports & fitness facilities.

### Maintenance

Grounds maintenance services offered for all outdoor spaces - inspections, repairs and refurbishments.

### Construction

Specialists in groundworks for the commercial and residential sectors.

### Wheeled Sports

Provider of turnkey skate and BMX facilities, including concrete ramps, landscaped tracks and modular pump tracks.

We are proud to be accredited by the following organisations:

## Landscaping

PFL offer a full landscape service including design, hard and soft landscaping, and ongoing maintenance for both commercial and high-end private clients. We support leading landscape architects, designers, and housebuilders across England.

Whatever the approach from partnered design and build, negotiated or traditional style contract, our team ensures that our client's expectations are exceeded through timely and cost-effective project management.

Over the years we have built a reputation as a one-stop-shop through our high standard of service and delivery and ability to complete projects of all sizes from start to finish.

Examples include public open spaces for main contractors and housebuilders, formal lawns, parterre and vegetable gardens for private customers and regeneration schemes including water features and lighting, street furniture and sensitive hard and soft landscaping elements.

With strong credentials and a long list of satisfied customers, PFL continuously strive to offer a premium service, through strong communication, nimble cost outcomes, and ultimately a seamless quality service. At PFL we guarantee to exceed your expectations.

## Playground

We have supplied thousands of customers across the UK including local authorities, housebuilders, main contractors and schools. With over 20 years' experience in the play sector we pride ourselves in providing high quality play areas.

We offer the supply and installation of play equipment, outdoor gym equipment and safety surfacing (wet pour, bonded rubber mulch, rubber grass mats, play sand or play bark) as well as all associated landscaping.

Whatever you are looking for and whatever budget you have, we can design and install the play area to your specific needs.

We offer a full design service including the supply of both 2D and 3D drawings in CAD or PDF dependent on your requirements.

Once installed we are committed to providing after care and maintenance should you need it.

We offer both planned and reactive maintenance services as well as 48-hour emergency call outs.

### **Fitness & Trail Equipment**

Predominantly aimed at teenagers and adults (12 years plus), this outdoor fitness and trail equipment can challenge even the experienced athlete or a complete novice. The ultimate fun for all whilst promoting a healthy lifestyle.

### **Natural Play Equipment**

With our natural play equipment, we can provide an imagination play heaven for children of all ages and abilities whilst taking into consideration the environmental needs of the area and its surroundings.

### **Junior Play Equipment**

Inspiring children to learn through play, our range of junior and school playground equipment enhances the learning environment and active minds of our junior players.

### **Toddler & Early Years Equipment**

A wide range of toddler play equipment from sandpits to play dens and themed units, we can design, supply and install the perfect recreation for the smallest person with the largest imagination.

## Grounds Maintenance

At PFL we are committed to providing a national grounds maintenance service. We cover a range of customers including corporate, public open spaces and the education sector.

You will always have one point of contact dedicated to your project to ensure a continued personal service.

We offer full planned and reactive maintenance services.

PFL provide grounds maintenance services through our nationwide support services. We have the knowledge and resources to maintain the grounds of single business park, outdoor retail space, playground, or skate park through to large multisite portfolios. Our services are highly flexible and can be tailored to your needs either at the construction phase or as a future project.

### Planned Maintenance

We provide planned maintenance packages for all outdoor spaces including but not exclusively landscape maintenance and grass cutting, inspections and maintenance of play areas.

### Reactive Maintenance

We respond to any urgent call outs immediately. We aim to have an operative to site the same day to carry out any emergency repairs

### Emergency Call-out

We offer a 48-hour call-out for less urgent repairs/maintenance where standard parts are required Monday to Friday.

For less urgent repairs the timescale will be determined by the availability of parts.

If you would like more information about our maintenance services, contact the team.

Before

After

## Construction

PFL specialise in groundworks for both the commercial and residential sectors. The company has grown to become a multi-disciplined team experienced in all aspects of construction and landscaping.

Our groundworks division offers a specialist service working on a traditional, or design and build basis. We have the in-house experience to turn your design into a reality. We offer a consistently high level of commitment and service for all our customers.

**Our building services include:**

- Design stage support, planning and budgeting.
- Design development with a network of reputable Architects and Structural Engineers
- Provision of detailed costings at tender stage
- Production of works programmes
- Single point of contact throughout the construction phase
- Dedicated site team and back-office support
- All elements of groundworks including remediation, drainage, steel reinforcing, concreting, services, kerbing, road finishes
- In house groundworkers and trusted specialist sub-contractors.

## Wheeled Sports

PFL Wheeled Sports (formally The UK Ramp Company) offer skate parks, bike trails and modular pump tracks from initial design and planning right through to the installation and aftercare.

Our aim is to provide a track or park that maximises the use of space, engages the community and realises the needs and hopes of the individuals who will be enjoying and learning from the environment in a creative and cost-efficient way.

We offer a free no obligation custom design for all projects, based on our discussions with our customers.

## Skate Parks

We understand skate parks provide a constant challenge that helps build self-confidence and self-discipline that is beneficial at any stage: kids, teens and adults alike. We believe in engagement with local communities and providing our users with the opportunity to an active, healthy lifestyle.

## Modular Pumptracks

Modular pumptracks are similar to that of BMX and cycle tracks but are smaller in size, making them accessible to even the smallest of spaces, from Holiday Parks to housing development play areas and even indoor events. They are suitable for all wheels, ages and abilities.

## Cycle Trails

Cycle trails are designed to bring users the ultimate experience, providing a fun and educational environment.

Our team are experts in the design and production of bike trails in urban and rural areas.
